

Surface Story 21/22

# California Casual

A relaxed, modern and organic look that takes inspiration from Scandinavian, Boho and Rustic styles. Lighter wood tones and neutral palettes keep the vibe light and airy. This feel-good aesthetic will continue to grow in popularity as we seek comfort and balance in our spaces.

# Copper Brown

These earthy orange tones feel familiar and harmonious. Scandinavian and Boho styles are warming up with rich, copper hues which are seen on walls, textiles and furniture surfaces. This warm color pallet evokes a sense of wellbeing and has a nostalgic appeal.

## Grounded Brown

Dark, moody tones continue to play an important role in our interior landscape. In addition to black, deep and earthy browns provide grounding and stability. This timeless hue represents authenticity and is a sophisticated contrast against white and lighter tones.

## Mushroom Beige

This neutral pallet shifts from gray to green and pink to yellow, covering a range of natural and earthy tones. It answers our need to connect to nature and surround ourselves in comfort and warmth. Natural textures and soft patterns compliment these relaxing and calming hues.
